Art Unit: 1731

1. Claims 19-48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 19 recites “introducing a catalytically active substance into at least one of (i) pores of at least one of the porous setter plates and (ii) pores of at least one porous separating layer of the porous setter plates”. The phrase “at least one porous separating layer of the porous setter plates” has no antecedent basis.

Claim 19 is indefinite in that it does not specifically recite how the “at least one porous separating layer of the porous setter plates” are used. The configuration of these elements in conjunction with the other elements in the process are not clearly recited in the claims.

Claims 33,38 and 45 are indefinite for the same reasons.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 33-35 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Herron et al. (4,971,738).

Herron et al. discloses a device for producing a formed body comprising porous (col. 7, line 38) setter plates (col. 4, lines 31-32). Note that the method recitations in these claims are of no consequence since the claims are directed to a device.

Art Unit: 1731

4. Applicant's arguments, see pages 9-13 (of 14), filed 10/3/03, with respect to the 103 rejections have been fully considered and are persuasive. The rejection of claims 19-32 and 36-48 under 35 USC 103, has been withdrawn.

5. Claims 19,38 and 45 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

6. Claims 20-32,36,37,39-44 and 46-48 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
